

KEEP China Camp State Park OPEN!

70 State Parks are slated for closure! Your local state park is one of them.

- On May 13th, the California Department of Parks and Recreation released their proposed list of park closures due to a \$22 million general fund budget cut, including your local park China Camp State Park!
- You can take action easily by sending your legislators an electronic letter telling them that you do not support the closure of state parks. Go to <http://www.calparks.org/> then click on 'State Parks Releases Closure List.'
- You do not need to join the Parks Foundation or give them money. Just click [Take Action](#) then enter your information, review and customize the letter, submit the letter and your representatives will hear from you about state parks. Spread this information and if your friends and relatives live out of state they can participate.
- **Let our legislators know how you feel about your local state park China Camp State Park closing!**
- Although closure lists have been released in the past in response to previous budget cut proposals, this is the first time in the 100 year history of California's state park system that state park closures will be implemented.
NOT EVEN DURING THE GREAT DEPRESSION DID PARKS CLOSE!
- If you want to email, write, fax, or call your local and neighboring district legislators, see below.
