

## Peacock Gap Country Club News for 2011

### 2011 Dues to Remain the Same—for Now.

Membership fees for 2011 are being or will shortly be posted, and as promised, there will be no hike in rates relative to 2010 for those *who sign up before December 31*.

#### Seven Day Membership

Individual \$3000 Couple \$5500

#### Five Day Membership

Individual \$2,000 Couple \$4000

*Add an annual cart fee of \$1000 per person or \$1500 per couple for members desiring optional unlimited cart play.*

These “early sign up” membership fees are good through December 31, after which they will go up \$500. Unlike the club’s past practices, late signups—after May 1—will not be pro-rated. We anticipate that the short-year rate, including annual cart fees will be the same as the “early signup” membership fee—only the late-comers will miss out on four months of golf.

What happens to paid-up annual membership fees if the Club changes management in 2011? Answer: A paid up annual membership is a paid up annual membership is a paid-up membership, regardless of who owns the club. You can bank on that.

### Green Fees for 2011
