

Thieves Operating in the Area

Last weekend (March 13) a thief broke into the construction trailer used by our landscape median contractor and stole several items.

To all neighbors - please keep your eyes open and report any suspicious activity to the San Rafael Police Department - call 911 if an emergency or the general number at 485-3000 to report a non-emergency event.

And remember to lock your doors even when you are at home, and lock your car doors at all times.

Stay vigilant!
